

Sundae Cards

These are the kinds of sundaes you could make if you had 3 kinds of ice-cream (vanilla, chocolate and orange); with two kinds of toppings (chocolate, strawberry) and whipped cream. Of course, some people prefer plain ice cream (with no topping) and some people prefer no whipped cream! (Is this making you hungry?) Cut the cards apart and sort them in different ways. Use the cards to help answer the questions on the next page, then try making a tree diagram like the one pictured. Have fun!
