

Apple Fractions

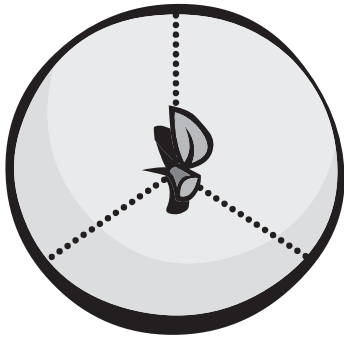

by Jerry Pallotta

The elves cut up many kinds of apples. Look in the grocery store. How many different kinds of apples can you find?

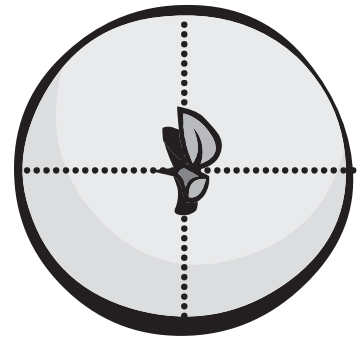

1. Color these apple fractions:

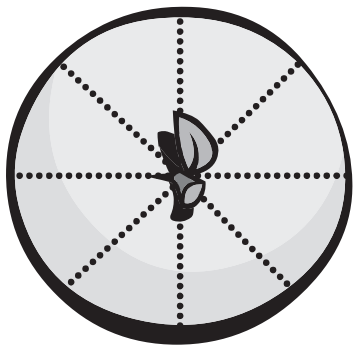

Color $\frac{1}{3}$ of this apple.

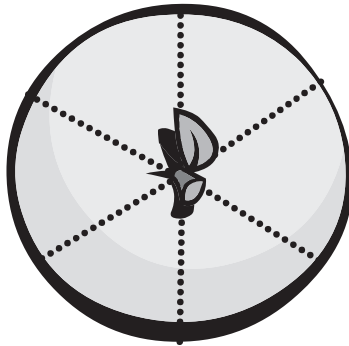

Color $\frac{2}{5}$ of this apple.

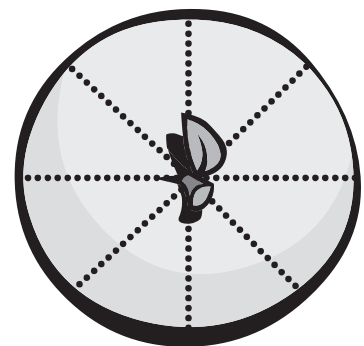

Color $\frac{3}{4}$ of this apple.

Color $\frac{8}{8}$ of this apple.

Color $\frac{3}{6}$ of this apple.

Color $\frac{1}{2}$ of this apple.
